

Venue

100% Kiwi owned

The Hyundai brand has grown rapidly into a global automotive powerhouse. But first and foremost, we are a local business. Hyundai New Zealand is 100% Kiwi owned and all our Hyundai dealers are 100% NZ operated. This means we are a New Zealand company helping New Zealanders grow.

- Painted front & rear bumper inserts
- Front grille - chrome inserts
- Painted side garnish & wheel arch inserts
- LED rear combination lights
- LED Daytime Running Lights (DRL)
- Static bending lights
- Power folding exterior mirrors

17" alloy wheels

Smart proximity key

Blind-Spot Collision Warning (BCW)

Compact car. Big personality.

At Hyundai we strive to make cars that meet our customer's needs, ensuring that everyone can experience an exciting and enjoyable drive.

So, how do we make that happen? We start by pushing our own boundaries, by making premium the new standard, and by engineering the most enjoyable ride possible.

Introducing the Hyundai Venue. It's unlike anything you've ever seen before. A car built for the city, with the convenience, technology, and safety you need and want to stay confident in every situation, without sacrificing personality and style.

Fun and functional at the same time, it's the perfect car for those who work hard and play hard. Its bold design demands attention on crowded urban streets or quaint country roads, while its compact size and renowned Hyundai engineering ensures you won't have any trouble navigating them. It fits in anywhere and stands out everywhere.

Venue Elite in The Denim & Polar White two-tone shown

Eyes on you. Eyes on the road.

At Hyundai, we're committed to building safety into every model, and the Venue is no exception. It doesn't just look the part. It is the part.

Whether on your way to work or on your way home from a night on the town, the Hyundai Venue helps keep you protected with Hyundai SmartSense™¹ safety technologies alerting you to avoid any potential dangers.

Forward Collision-Avoidance Assist (FCA) with an advanced camera type (City/Urban/Interurban/Pedestrian) is there to sound a warning and apply emergency braking should a car in front of you come to a screeching halt or a pedestrian moves in front of you.

Blind-Spot Collision Warning (BCW)² alerts you to vehicles in your blindspots that you might have missed, and Lane Keeping Assist (LKA) makes sure you stay on track by warning you and providing steering intervention if it senses you leaving your lane.

It's easy to get into tight city parking spots with the Venue's reversing camera giving you a good look at what lies behind, and a Rear Park Assist system to let you know when objects are close behind.

Reversing out of parking spots safely is just as easy thanks to its Rear Cross-Traffic Collision Warning (RCCW)² which keeps an eye out for any vehicles approaching from either side that might pass behind you.

In poor weather, increase your visibility thanks to High Beam Assist (HBA) which turns your high beams on and off to avoid dazzling other vehicles on the road. Then after a long day (or night), Driver Attention Warning (DAW) monitors your driving pattern and alerts you to consider taking a break in case of fatigue.

From morning till night the Hyundai Venue's host of safety features keeps you confident that no matter what your adventure throws at you, you're in safe hands and Hyundai SmartSense™¹ is here to assist you.

Blind-Spot Collision Warning (BCW)²
When driving at a speed of 30km/h or higher, the BCW function will alert the driver to vehicles that enter or are in the blind spot, to help avoid potential collisions during lane changes.

Forward Collision-Avoidance Assist (FCA)
Using camera data, the FCA system autonomously activates the brakes when it detects dangerous and sudden braking by the car ahead, or movement of pedestrians on the road.

Reversing camera

6 airbags

Rear Cross-Traffic Collision Warning² (RCCW)
RCCW monitors for traffic approaching on either side of the Venue when reversing out of perpendicular parking spaces. Should RCCW detect a vehicle approaching, an audible warning will sound, with a visual warning displayed on the dash cluster.

Lane Keeping Assist (LKA)
LKA provides steering intervention to assist the Venue in staying between lane markings. When the Venue strays from the intended lane without indicators being activated, the LKA system will send out an audible sound and a visual warning within the cluster.

1. Hyundai SmartSense® is a trademark of Hyundai Motor Company. Safety features are not a substitute for attentive driving. Not all safety features are available across all variants.
2. Available on the Elite variant.

Stand out in style.

To survive your adventure, it's not just what's inside that counts. You need to look the part too. It takes more than metal, it takes style. And the Hyundai Venue has plenty of it. At 4,040 mm long, 1,770 mm wide, and 1,592 mm high, its body shape gives it big car presence in a small car package. With a unique front design featuring cube shaped Daytime Running Lights (DRL) and a striking grille that demands

attention, the Hyundai Venue has a style all of its own. And, with a vast range of exterior colours and a stylish two tone roof¹ in a variety of shades, you can make your mark with a vehicle styled by you. During work or play, the Hyundai Venue's striking design, bold build, and quality finishes are sure to draw attention.

Design that continues on the inside.

The Hyundai Venue's striking design isn't just something you see, it's something you experience. The Venue's interior features and quality finishes will make your drive that extra bit more comfortable.

The inviting interior has a choice of material including black cloth for Entry variants, and a black cloth and premium finish combination trim for Elite variants.

The Venue also features painted interior inserts around the air vents & gear surround. Depending on the variant, they are available in either silver or metallic white. Making a statement both inside and out is a feeling unlike any other when in the Hyundai Venue.

Its interior space also offers a commanding perspective with an abundance of height providing an elevated driving position to give you greater visibility and confidence on the road. With 60:40 rear split folding seats you'll be able to make the most of the space, increasing your boot space when you've got more to move.

The Hyundai Venue's interior makes city driving something to look forward to.

Connect to the road, and your world.

The city life is a busy life. To make the most of every moment you need a car that doesn't just connect you to the road, but also to the people around you. And that's just what the Hyundai Venue was designed to do.

The Venue is equipped with Bluetooth® connectivity as well as a USB port so you can always keep your phone fully charged. With Apple CarPlay®¹ and Android Auto®² compatibility, it allows you to make calls, listen to your favourite music, or

follow directions while you're moving about town, all accessible through the 8-inch touchscreen.

A 3.5-inch instrument cluster features a trip computer and digital speedometer. Steering mounted audio and phone controls give you the ability to control your music and your drive, with minimal movement.

Thanks to an abundance of tech, the Hyundai Venue isn't just cool, it's connected.

90	Maximum Power kW/6,300 rpm
151	Maximum Torque Nm/4,850 rpm

Venue Elite in The Denim & Polar White two-tone shown

Built for explorers.

With performance to match its looks, the Hyundai Venue is another example of Hyundai's renowned engineering.

With three interchangeable drive modes - Normal, Eco and Sport, it ensures the Venue is performing perfectly whether it be on your daily commute to work, on a weekend road trip or when you want some more power. And, with Hyundai's 1.6L four-cylinder engine generating 90kW of power and 151Nm of torque, the Hyundai Venue has all you need to take on the city.

The Hyundai Venue features a 6-speed automatic equipped with sportshift so you can take control of gear changes if you desire. And like all Hyundai vehicles, the Venue has been through an extensive local tuning program, ensuring it's tested and optimised for Australasian roads, delivering a confident and comfortable ride whilst still being fun, zippy & full of personality.

The Venue features Traction Mode which allows you to maintain optimal driving performance in road conditions such as snow, mud or sand. Turn the dial to the left or right, and the traction mode system will adjust power, torque and grip to the front wheels according to your road conditions.

Drive Mode - Normal, Eco & Sport
Traction Mode - Snow, Mud & Sand

Snow: Focuses on stability by reducing wheel spin.

Mud: Ensures optimal wheel spin to maximise traction and acceleration.

Sand: Delivers the necessary torque to maintain essential forward momentum.

To make the most of your everyday journey, activate Drive Mode and choose between 3 settings - Normal, Eco & Sport.

Normal: The default driving mode and provides a good balance of fuel efficiency and performance.

Eco: Optimises fuel economy by smoothing out throttle inputs and performing early automatic transmission upshifts.

Sport: Increases throttle response, and delays automatic transmission upshifts to maximise performance and acceleration.

To confidently take on on the town, you need a car that can handle whatever the country throws at you, the Hyundai Venue.

Hyundai Genuine Accessories.

The Venue is an extension of your personality, and Hyundai Genuine Accessories¹ can help make it even more unique. From roof racks to cargo liners, there's a suite of practical, and stylish Hyundai Genuine Accessories¹ to match.

Hyundai Auto Link.

Hyundai Auto Link connects your car’s on-board computer to your mobile phone and is accessible via a smartphone app. Auto Link is available in two versions: Auto Link Bluetooth® and Auto Link Premium². Both versions allow you to keep track of your car’s performance and review analytical information so you can keep your Hyundai running smoothly. The Premium version also allows you to remotely control your car. Auto Link Bluetooth® is available on Venue, with the option of upgrading to the Premium² version for Elite models.

Become an economical driver.

-  Keeps track of your driving habits and fuel efficiency on each trip.
-  Presents vehicle health report and alerts you to any signs of faults.
-  Remotely monitors your Venue’s health.
-  Provides analytical information so you can get the most out of your Venue.

Help us care for your car.

- Service information and online service bookings at your fingertips.
- Instant access to Hyundai Ambassador team.
- Compare your driving to other owners.
- Logs private and business trip stats for record keeping purposes.
- Alerts Roadside Assistance in case of a breakdown.
- Sends alert messages¹ to Hyundai Ambassador Team or family/friends in case of an emergency.

For more information head to www.hyundai.co.nz/autolink

Control your car remotely (Auto Link Premium)

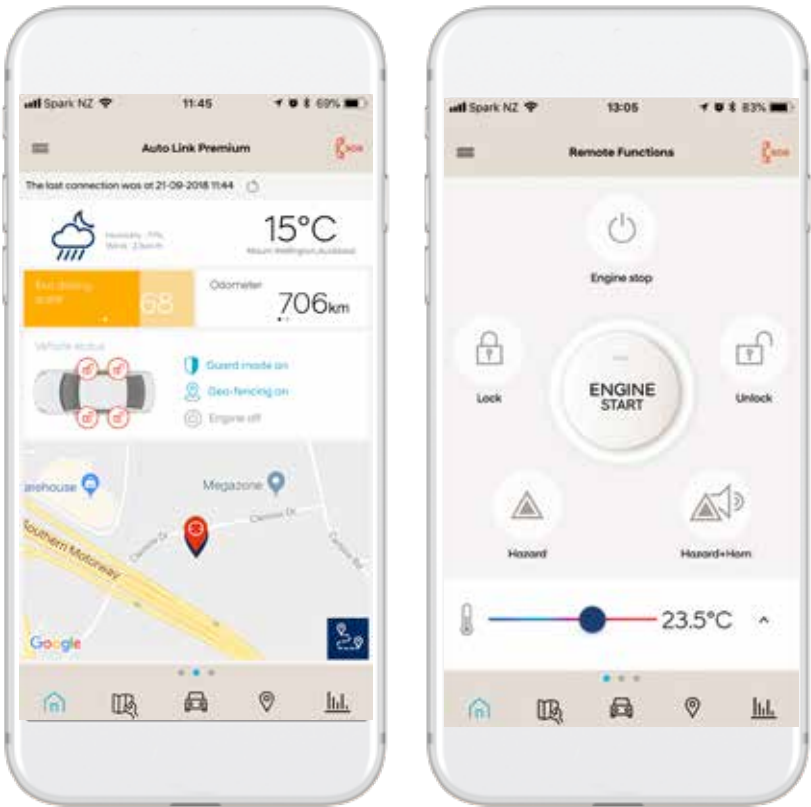

-  Allows remote engine start from smartphone.
-  Lets car’s doors, lights and climate control be handled remotely.
-  Sets geo-fencing, guard (theft control) and valet mode.

Download the app for your iOS and Android device today.

Bluetooth® is a registered trademark of Bluetooth SIG, Inc.

2. Set up login with your details and VIN for registration and validation.

3. Set up PIN for access to remotely control car from your smartphone. (Premium version only)

4. Start driving and enjoy the benefits of Hyundai Auto Link.

Hyundai's commitment to you

Our promise

We understand your decision to purchase one of our vehicles is not being made lightly and we thank you for putting Hyundai on your list. We know that by the time you decide which vehicle you want to purchase, you'll have had a good look at what's on offer in the market, and carefully weighed up the pros and cons of each. We hope you make the right decision for yourself. If you do decide to choose Hyundai, that won't be the end, it'll just be the start. Our goal is to live up to the confidence you've shown in us, by giving you the best customer service experience in New Zealand.

We call this the Hyundai Ownership Experience – which is a slightly corporate way of saying “we promise to look after you”.

The Hyundai Ownership Experience will actually start before you even have the keys in your hand, as your Hyundai dealer takes you through the things you need to know to get the most out of your new vehicle.

Personal handover

When you come in to pick up your new Hyundai, your dealer will take you through it from bumper to bumper. They'll show you where everything is and how everything works. They'll make sure you're across all those little things most people forget to ask about, like:

- » How to set up your mobile phone to work with Bluetooth
- » Where the tool kit is
- » How to connect and use your Apple CarPlay® or Android Auto®.
- » Where to find the first aid kit
- » How to register, setup and connect to Auto Link

They'll also check there's either a full tank of fuel or it's fully charged, that the vehicle is spotless inside and out, and that any accessories you specified are fitted just so.

This is also our opportunity to introduce you to the service team, who'll be looking after you in the years to come.

“THE DEALER EXPLAINED THE TUCSON TO ME AND WAS PATIENT WHEN WE HAD QUESTIONS.”

— GARY COCKRAM HYUNDAI CUSTOMER FROM CHRISTCHURCH

Meet the rest of the family

There's a good reason why your dealer will introduce you to the rest of the family. They're the people entrusted to be hands-on through your Hyundai Ownership Experience – the team who'll look after you and your vehicle when you come in for scheduled servicing.

There's no charge for the first service, and it happens after the first month on the road. Then it happens every 10,000 / 15,000 km*.

It's always good to be able to put a face to a name. And knowing them means you can call personally to discuss any concerns. Our people are experts at what they do and keen to show you how good they are. It's a pride thing and we encourage it.

A superb warranty and Roadside Assistance

Every new Hyundai is protected by our 3 year / 100,000 km factory warranty. In a nutshell, if there's any manufacturing issues, we'll fix them. But there's more.

Hyundai Roadside Assistance is included as part of our new vehicle warranty. It means if you should have an accident, puncture a tyre or run out of fuel anywhere in New Zealand, we'll send someone to get you up and running again – 24 hours a day, 365 days a year.

Extending your warranty beyond the factory period can make your ownership experience better yet. It's certainly worth considering. Our extended warranties can later be on-sold with the vehicle, something sure to increase its eventual resale value.

Servicing from trained Hyundai experts

Regular scheduled servicing within our network has real benefits.

Our specialist technicians use Hyundai diagnostic equipment to spot things that may be missed by the untrained eye.

We use genuine Hyundai parts, of course. These parts are built and tested to be specifically correct for your vehicle and are covered by a 1 year / 20,000 km warranty.

Your safety and the safety of your passengers are our number one priority. We can't vouch for the safety or performance of non-Hyundai parts. They only have to be slightly off or incorrectly installed and the integrity of your vehicle will be compromised.

If the cost of servicing is a concern for you, committing to a pre-paid service contract from day one will cost you less in the long run. You can sign up for these to cover your servicing needs for every service interval, which is every 10,000 / 15,000 km* or yearly (whichever happens first). You can do this for as many years as you want, and they're available for any Hyundai, no matter how old.

*Servicing for petrol turbo models is every 10,000 km or 12 months (whichever occurs first)

Insurance

Our insurance offering is part of Hyundai's commitment to improving your ownership experience.

Hyundai Insurance offers several exclusive benefits not available with other motor vehicle policies. For example, if your Hyundai is still in factory warranty, was purchased from a Hyundai dealer in New Zealand and is damaged beyond repair, we'll replace it with a brand new one*.

There's no excess if your glass is broken (up to \$2,000 cost), and we'll cover (up to \$1,500 cost) for the trailer you were towing if that's damaged*.

You can be sure only guaranteed, genuine Hyundai parts will be used in repairs**, and that only approved repairers will be working on your vehicle.

We also offer a Hyundai Insurance specific 24 hour assistance number: 0800 123 266.

*See your Hyundai dealer for full terms and conditions.
**Applies to new vehicles for five years.

Hyundai Fleet

If you're looking for the right vehicles for your business, Hyundai has the perfect fleet solution for you.

Whatever your business size or requirements, you can get the job done by choosing from Hyundai Fleet's diverse range of models and trucks, all of which offer the latest in technology, efficiency, safety and style. And as a Fleet customer, you have the flexibility of a range of ownership and leasing options, as well tax benefits and great value servicing.

So, from the city loving i20 to the cargo carrying iLoad, our fleet services can provide the right vehicles to help drive your business forward. For more information visit www.hyundai.co.nz/fleet

In the company of Kiwis

The Hyundai brand has grown rapidly into a global auto industry powerhouse. But first and foremost, Hyundai New Zealand is a New Zealand company.

Hyundai New Zealand is 100% kiwi owned and all our Hyundai dealers are 100% NZ operated. That's something we're pretty proud of.

This structure gives you the best of both worlds. The benefits of global resources and the huge investment in Research & Development that Hyundai makes, combined with our local commitment and understanding.

We're also very aware of what it means to be a New Zealand company. Our commitment to being a good Kiwi citizen starts with our treatment of customers and extends out into their communities.

We've actively supported the National Agricultural Fieldays for over a decade. We sponsor Hyundai Country Calendar, put money into NZ sailing, and are major sponsors of the Spirit of

Adventure Trust. We're also extremely proud of our New Zealand sponsorship of Kiwi rally driver, Hayden Paddon.

Our sponsorships allow us to offer customers the chance to join us as VIP guests at many of our events, including on board the Spirit of New Zealand and at Fieldays. Look out for these invites from time to time.

The Hyundai Experience will continue to grow and expand. We really want to give you the most rewarding experience you've ever had with a company.

Hyundai Country Calendar visits Doug Avery and his mates on his North Island farm for a yarn.

The Pinnacle Programme

The Pinnacle Programme is a unique scholarship, backed by Hyundai New Zealand, which provides talented young New Zealanders between the ages of 15 and 18 with the foundations for future success. The Programme is open to young kiwis with talent in all areas of endeavours, including, but not limited to, art, sport, science and business.

WWW.PINNACLEPROGRAMME.CO.NZ

Future New Zealand leaders as part of the Pinnacle Programme spend 21 days on New Zealand's iconic Outward Bound programme in Anakiwa, at the top of the South Island.

Hyundai Ambassador Team

Speaking of 0800 numbers, if you dial 0800 HYUNDAI (498 632), you'll be talking directly to one of our Hyundai Ambassador Team members in New Zealand. We operate a local call centre. Our team are trained to support you with any concerns, and they'll be able to help you out with anything you need them to.

We respond to every request, no matter how big or small, as quickly as we can. That's the New Zealand way of doing things, and it's our way too.

If it's an emergency you'll be put straight through to our Roadside Assistance team, who are trained to deal with any situation and will get someone out to you as quickly as possible if that is what is required.

•: Standard -: Not Available		

Specifications, features, equipment and colours shown in this brochure are subject to change without notice or obligation.*Fuel consumption figures are based on ADR 81/02 tests and factory information. These figures are provided to assist you in comparing the fuel consumption of the Venue range with other vehicles. The actual fuel consumption will depend on many factors, including your driving habits, the prevailing conditions and your vehicle's equipment, condition and use. **Finishes specified as leather contain a combination of genuine leather, polyurethane leather (leather substitute) and man-made materials.

A colourful choice.

With an array of vibrant and bold exterior colours like Fiery Red, Intense Blue and The Denim, the Hyundai Venue will complement your personality and make you stand out from the crowd.
